

INDIA COMPOSITES 2008 is open to all sectors of the Engineering Industry, Architects, Consultants, Design Engineers, Component Suppliers, Manufacturers, Fabricators and Researchers and others engaged in related activities. The Exhibition will provide a professional forum in which exhibitors can meet potential customers and develop future partnerships.

- Consulting and Engineering Firms
- Architects and Design Engineers
- Lightweight Structural Materials Producers
- Raw Material Suppliers
- End - users of Composites
- All other related products and services

Industries/ Areas that are envisaged :

- Aerospace and Defence
- Agriculture
- Automobile
- Building and Civil
- Chemical
- Electrical
- Fertiliser
- Telecommunication
- Transport : Road, Rail and Air

An International Seminar has been planned with presentations on

- Product Design
- Manufacturing Procedures
- Innovative Raw Materials, Core Materials
- Salient Points of Manufacturing Techniques
- Safety Procedures
- Inspection and Testing Procedures
- Transport shipment and care during handling
- Installation Procedures
- Marketing Techniques
- Buyback of components
- Maintenance Procedures

Synopsis of the papers comprising of 250-300 words may be sent to us by 31st August 2007 and the final papers by 15th November 2007 for inclusion in the Seminar proceedings.

INDIA COMPOSITES 2008

Inauguration of India Composites'98

SEMINAR CUM EXHIBITION ON FIBRE REINFORCED PLASTICS AT MUMBAI, INDIA.

CALL FOR SPONSORS

organised by
ALL INDIA REINFORCED PLASTIC MOULDERS' ASSOCIATION
 207, Arun Chambers, Tardeo Road, Mumbai - 400 034, India.
 Phone : 2352 0552 / 5666 2986
 E-mail : airpma2005@yahoo.com / kushal@bom3.vsnl.net.in
www.airpma.org

ABOUT OURSELVES:-

The ALL INDIA REINFORCED PLASTIC MOULDERS' ASSOCIATION (A.I.R.P.M.A.) the premier Trade Association of the Indian Reinforced Plastic Industry founded in 1972 has always been in the forefront to increase the awareness of the diverse application of Fibreglass Reinforced Plastic amongst the End-users. Its activities include coordinating all sectors of the Engineering Industry, Architects, Consultants, Design Engineers, Component Suppliers, Manufacturers, Fabricators and Researchers.

WHY INDIA COMPOSITES- 2008?

To give fillip to the Indian FRP Industry by upgrading their technologies, introduction of mechanised moulding techniques, improvement of design and introduction of wider applications. To attain these objectives global interaction is most imperative.

WHO SHOULD PARTICIPATE?

INDIA COMPOSITES-2008 - is open to all sectors of the Engineering Industry, Architects, Consultants, Design Engineers, Component Suppliers, Manufacturers, Fabricators and Researchers and others engaged in related activities. The Exhibition will provide a professional forum in which Exhibitors can meet potential customers and develop future partnership.

- Consulting and Engineering Firms
- Architects and Design Engineers
- Lightweight Structural Materials Producers
- Raw Material Suppliers
- End-users of Composites
- All other related products and services

EXHIBITION

Each stall, besides free electricity, will have the following standard fixtures:-

1. Special facilities for process demonstrations at NO EXTRA COST.
2. One table, two folding chairs, three spot lights, one 5 amp. power socket and one dustbin for every 9 sq.m. space booked will be provided free of charge.
3. Free lunch and refreshments for two members of the Exhibitors.
4. Additional furniture, lighting and power points, computers and projectors, refrigerators and coffee machines, TVs etc. can be provided at extra cost.
5. Personnel for manning the stall can be arranged at mutually agreed cost.

CONFERENCE:-

The primary aim of the Conference is to familiarize the delegates with the current scenario of the Indian FRP Industry highlighting the abundant opportunities waiting for them in India and abroad.

The Technical Presentations would include:-

- A key note address by an international expert from the field of Composites during the inaugural session.
- Presentations of the Indian and Global Scenario of the Composites Industry.
- Business opportunities in India and abroad.
- Marketing strategy of composites and their applications.
- Newer raw-materials and their applications.
- Inspection, testing and shipping.

BUSINESS MEET

Business Meet amongst participants of the Mega Event would be arranged to facilitate mutual business for joint ventures, trade, import and export, technology transfer, business out sourcing, designing, product development etc.

This service is Free to the Exhibitors, registered Delegates and members of A.I.R.P.M.A. Others may join for a nominal fee.

PAYMENTS:-

All payments must be made by demand draft / mail transfer in favour of "A.I.R.P.M.A." All payments must be made in US \$ only and mail to Mr.H.P.Eswar, Hon Secretary.

Address For Communication:-

Mr.H.P.Eswar, Hon. Secretary
All India Reinforced Plastic Moulders' Association
207, Arun Chambers, Tardeo Road, Mumbai-400 034, India.
Phone: +91 22 23520552 / 56662986, Fax: + 91 22 56602192
e-mail: airpma2005@yahoo.com www.airpma.org
